The Director General  
International Planned Parenthood Federation  
4 Newhams Row  
London  
SE1 3UZ  
**United Kingdom**

Dear Sir,

We the National Executive Committee Members, Branch Volunteers and Youth Leaders, sitting here in Nairobi during our Annual Delegates Conference, 2019, wish to reiterate the following:

1. We acknowledge that you have taken over the leadership of the Federation at a critical time when there are many challenges.
2. We fully support you in your tireless endeavor to reform the Federation.
3. We highly appreciate the MA centric approach as this has been the missing link in ensuring a united and result oriented Federation.
4. We appreciate and thank you for creating the solutions team which will play a leading role in supporting and spearheading the change process.
5. We fully acknowledge the challenges you are facing. We pray that God will grant you wisdom, courage and energy to face these challenges and steer the Federation to become a high performing Agency.
6. We also wish to thank you most sincerely for your visit to our MA and for the kind support you have extended to our Organization.
7. Finally, we wish to assure you that as FHOK, we are committed and dedicated to the cause of good governance and you can count on all of us for unwavering support to this new and interesting path you are charting for the Federation.

*Your Health, Our Concern*
